With what other teams have you been affiliated?

Been with my current team for 21 years

What is your primary contribution to this team?

I'm the brains.

What kind of security work do you enjoy in particular? (i.e. logical assessments, environmental surveillance, linguistic analysis, etc.)

That's easy, I'm a science whiz. I've even created my dream girl in a laboratory.

Describe any and all previous and/or current illegal activity (real or imagined). (This is for background purposes only and will not be surrendered to authorities, except under subpoena.)

None really to speak of, although I did try to kill an innocent half-man, half-machine that was hitting on my girl.

If you could divert funds into any charity, what charity would it be? Why?

Some sort of institute for psychic research- I want my abilities to be taken seriously.

How long have you been affiliated with your current team?
With what other teams have you been affiliated?

Been with current team for 21 years now.
Coached a hockey team once, I don't know if that counts.

What is your primary contribution to this team?

I'm the jock.

What kind of security work do you enjoy in particular? (i.e. logical assessments, environmental surveillance, linguistic analysis, etc.)

I used to work as a garbageman with my brother, so I'm used to cleaning up the mess left by some of my more scatterbrained teammates.

Describe any and all previous and/or current illegal activity (real or imagined). (This is for background purposes only and will not be surrendered to authorities, except under subpoena.)

I was one of the most famous outlaws in the Wild West, so there was all that varmint shootin', horse rustlin', train robbin' goodness.

If you could divert funds into any charity, what charity would it be? Why?

Keeping up with your dad and brother can be hard work when you're in the same business -- I wonder if there's any sort of support group for that.
